

A People Group View of the World

Sobering Fact: There are more people alive today that do not know Jesus Christ than at any other time in history.

Circles proportional to population size

People Groups	Population	Est. Missionaries
World		
17,400 (100%)	7.84 billion (100%)	450,000 (100%)
Unreached		
7,400 (43%)	3.27 billion (41%)	~ 15,000 (~ 3%)
Frontier Unreached		
5,000 (29%)	1.98 billion (25%)	~ 5,000 (~ 1%) <i>only about 1 out of 100 workers</i>
Largest Frontier		
268 (1.5%)	1.60 billion (20%) <i>1 out of 5 people in the world</i>	<i>Only few thousand at most</i>

One-fifth of the world's population live in only **268** people groups which have no reported church planting movement and possibly only a few thousand missionaries at most.

These **268** largest Frontier People Groups may be the most strategic ministry objectives today.
