# South Asian Muslims in Yemen

South Asian Muslims came to Yemen at one time for jobs. Many would love to flee to a safer place, but they are trapped inside this war zone.

## Ministry Obstacles

The spread of ideas is impeded when there is a civil war, and Yemen is no exception. Even before they get to Yemen, South Asian Muslims believe that they must follow the ways of Islam rather than the ways of Christ.

## Outreach Ideas

Perhaps men and women who follow Christ can reach out to Muslim men, women, and their families through practical needs that they understand well.

## Prayer Focus

Pray for a moving of the Holy Spirit of God as a breath of fresh air through Muslim families in Yemen. Pray that fellowships of new believers will understand that liberty in Christ
